For Immediate Release

VIMY RIDGE

Many would say that Canada took birth that day on Vimy Ridge, April 12, 1917, nearly 100 years ago. Born by the blood of our young; born by their determination and skill. Their spirit living on to this day in Memorials across Canada and in France.

But not in the hearts and minds of Mayor Coderre's Montreal historical revisionists.

There they strip the name Vimy. Rather, they defile and desecrate the Memorial Park with the name of Parizeau – the avowed destroyer of our nation; the condemner of ethnics and anglos. The Quebec Pension Plan was his piggy bank to finance separation.

From honouring true nation-building heroes, to remind all of a nation-wrecking bigoted separatist.

Shame! Shame! Shame!

Return the Park to the Veterans now!
